EXPERIENCE

Ahi Assassins, O'ahu, Hawaii — *Poke Mixologist*

March 2018 - 2020

Ahi Assassins is a family owned restaurant that serves fresh seafood - specializing in making Hawaiian traditional poke.

EDUCATION

University of Hawaii at Mānoa, Honolulu — Bachelor of Arts in Health Sciences

January 2016 - May 2020

University of Hawaii is a special institution where I learned just as much outside of the classroom as I did inside as well. Learning health sciences helped me grow as a person and helped my journey to search for my destined career.

University of California , Irvine — Full-Stack Coding Bootcamp in Web Development

March 2021 - August 2021

In this coding bootcamp I became familiar with a vast range of computer program languages.

- HTML 5
- CSS
- Javascript
- React
- Node.js
- JQuery
- Bootstrap & Materialize CSS
- JSON
- Data manipulation
- MySQL

SKILLS

Strong communication skills

Love working in teams

Helping others

Being sharp & precise

Clear and thorough

Multi-lingual

LANGUAGES

English, US

Hebrew, IL

Portuguese, BR

PROJECTS

Make it | Buy it — food service *web application*

Web application that my team and I developed from scratch. Designed for users to decide between making a meal at home, or going out to eat at a restaurant.

Github repository : <https://github.com/Omrironen4/project-1>

Link: <https://iamalittleforest.github.io/project-1/index.html>

Languages Used:

- Html
- Css
- Javascript
- JQuery
- JSON
- Materialize CSS framework

Weather Dashboard — weather web application

Web application that I built from scratch. Allows users to see the current weather and the 5-day forecast for any major city in the world.

Github repository:

<https://github.com/Omrironen4/weather-dashboard-homework-6>

Link: <https://omrironen4.github.io/weather-dashboard-homework-6/>

Languages Used:

- Html
- Css
- Javascript
- JQuery
- JSON

Password Generator — password maker web application

Web application that I built with little html starter code. Allows users to generate a strong password with certain character types and length of their choice.

Github repository: <https://github.com/Omrironen4/password-generator-homework-3>

Link: <https://omrironen4.github.io/password-generator-homework-3/>

Languages Used:

- Html
- Css
- Javascript
